Fledges Renewed to Maintain Strictly All Published Tariff's -Air Line Sale-General Railroad Notes.

Chleago and Alton. Omaha and Sloux City Committee—Chairman, Vice President A. C. Bird of the Chleago, Milwaukee and St. Paul. St. Louis Committee—Chairman, President E. F. Vockum of the St. Louis and San Francisco. St. Paul and Minneapolis Committee—Chairman, Vice President Clark of the Omaha Hailroad.

The entire session of the conference has been harmonious, and no serious differences have developed. When the adjournment was taken up it was the general impression that the pledies heretofore given to maintain published tariff rates and to conform to havin methods in the conduct of traffic will be continued.

Replying to a question, he said that the ultimatum of the Canadian Pacific has been referred to a committee, which had succeeded in adjusting all difficulties.

GEORGE WARFEL'S RETURN.

weeks ago, in the land of peons and pulque.

Here is the way he described it: "When the moon put the sun out of business, it became black and dark, as suddenly as snapping the shutter of a camera. That darkness, too, I shall never forget. It was thick and unnatural, heavy, oppressive and as sickening to observe as the black cap which shuts out the world from the eyes of the doemed man on the scaffold. The natives fell to their knees in terror and shrank in superstitions dread. Suddenly a blood-red ejot appeared on the edge of the eggens. It brightened every second and mally burst through the pall of darkness and gloom. In this case, the curtain went top and the show was over."

Mr. Warfeld has a magic lantern with the genuine Mexican slides and is open for engagements.

MAY EARNINGS.

Some Interesting Figures Given in Comparison With Last Year.

Comparison With Last Year.

New York, June 2.—Dun's Review says: Many failroads reporting monthly carnings have reperted for May, and total gross earnings of all United States roads included gre \$15,451,755, a gain of 2.5 per cent over last year and 19 per cent over last year reflects tates, and many leading systems. Traffic last year was remarkably heavy and the increase in carnings this year reflects greater improvement. Grain movement in the West during May was much below preceding years, yet an increase in earnings of 2.5 per cent over last year is reported and 12.2 per cent over last year is reported and 12.2 per cent over last year is reported and 12.2 per cent over last. Year and 19.5 per cent over lasts. The movement of other classes of freight has been enormous this year. Central Western and Pacific roads report largest increase in earnings, while on trunk lines, Southern and Southewestern roads earnings are considerably above last year and very much larger than in 1888.

In the following table earnings of roads reporting for May are compared with last year: Trunk, 1909, \$5,747,221, gain \$740,311, \$2, per cent; other Eastern, 1909, \$1,579,387, gain \$38,567, £1, per cent; Central Western, 1909, \$1,779,314, gain \$96,664, 11.2 per cent; grangers, 1909, \$4,588,407, gain \$140,973, 3.5 per cent; Southern, 1909, \$8,881,425, gain \$14,178, 6.6 per cent; Southerstern, 1909, \$2,858,425, gain \$2,55,57, \$25, per cent; Canadian, 1909, \$2,789,90, gain \$13,800, \$2,758,831, gain \$38,677, 18.5 per cent; United States roads, 1909, \$4,585,1785, per cent; Canadian, 1909, \$2,789,90, gain \$13,800, \$2,758,831, gain \$38,677, 18.5 per cent; total, 1909, \$3,598,558,59, gain \$38,507, 18.5 per cent; Canadian, 1909, \$2,758,831, gain \$38,507, 18.5 per cent; total, 1909, \$3,598,5628, gain \$4,547,165, 19 per cent.

Annual Meeting of Stockholders and Statement of Earnings. Statement of Earnings.

Chicago, Ill., June 9.—Stockholders and directors of the Chicago, St. Paul, Minnepolis and Omaha Railway, an auxiliary oppany of the Chicago and Northwestern system held their annual meeting in Hudson, Wis., to-day. The annual report of the company was made public and showed that dividends had been declared on common stock aggregating \$21.00.293 and on preferred stock amounting to \$12.665.883. This will place the road on a 5 per cent dividend basis and will bring the annual dividend on the preferred stock up to 7 per cent.

The gross carnings for the year amounted to \$19.488.814; operating expenses, \$5.58.125; net earnings, \$3.570.678. After deducting interest on-bonds, dividends and appropriating \$50.500 for future improvements out of the net carnings, the surplus for the year

emounted to \$275.628.

The recent purchase of the property of the Des Moines Valley Railway Company of Minnesota, comprising the newly constructed line from Bingham Lake to Currie, was ratified. INSANITY FROM NOT SMOKING.

Strange Case of Afbert Turner, a Young Negro.

There have been many stories published of cases of insanity resulting from cigarette smoking, but the City Hospital contains the only case on record of insanity resulting from not smoking cigarettes. Albert Turner, a negro, is years old, living at No. 327 Targee street, was brought to the hospital by his mother at a late hour Saturday evening. She claims that his insanity is the direct result of his stopping the habit of cigarette smoking. The story she tells is an interesting one, as it is exactly opposite to the generally accepted ideas on the subject. It seems that her son is a teamster and receives a salary of is a week, which easily puts him in the upper ten of the social circles in which he moves.

His record for being one of the high social lights of the neighborhood leads him often to flights of extravagance on pay days, and one of his heaviest expenses heretofore has been cigarettes, of which he consumed about fifty to seventy-five daily. So far as could be seen this had no detrimental effects on Albert's health, but the expense of cigarettes, smoked in such profusion, made it difficult for the family, living in the style to which the Turners were accustomed, to make both ends meet. In consequence, the mother-persuaded Albert to stop the habit. He finally consented, and swore off for good, From that time she dates his mental troubles, and the fact which werfied her most was that the resumption of the habit did not bring back his former mental condition. Albert is now under treatment at the hospital, where his condition is not regarded as very serious.

CORONER TO INVESTIGATE.

St. Louis Man Said to Have Died From Knife Wound.

Coroner Lloyd will hold an inc week on the body of Frederick Spiegelhalter, son of Doctor Joseph Spiegelhalter of No. 2166 Lafayette avenue, to determine the cause of death. Fred Spiegelhalter died on his ranch in Crosby County, Texas, and his body reached St. Louis yesterday morning. The undertaker employed to conduct the funeral here yesterday presented a Crosby County physician's certificate stating that death was caused from a knife wound of the throat at the mortuary office yesterday morning in application for a burtal permit. Doctor Reber referred the matter to Coroner Lloyd, who issued a permit, and will hold an inquest as soon as he hears from the authorities of Crosby County. It is not known exactly how young Spiegelhalter received the wound. The family in St. Louis deny that there was any reason for him to take his own life. cause of death. Fred Spiegelhalter died on

His Depredations Caused a Race Conflict in Mississippi.

New Orleans, June 3.—Noah Pritchard, the negro who Friday morning shot and killed Raiph Marler, a clerk at the Seidenbaugh store at Devail, West Baton Rouge Parish, and last night returned to the Marler residence and filled the house full of buliets while all the men of the town were out trying to locate Pritchard at a place where they believed him to be in the woods, was to-day surrounded in the timber near Zachary in East Baton Rouge Parish.

A number of tifles were yesterday shipped to Port Allen from New Orleans, and with these the white men are armed. This morning a Deputy Sheriff in the posse, whose name is not yet known, was shot and perhaps killed. Yesterday forenoon a negro was killed as the result of the race prejudice existing, at Rosa plantation near Port Allen, by the overseer of the plantation, E. D. Fenn. It is expected that before morning Pritchard will be captured or killed.

DYNAMITE IN HARVARD PUMP.

It Would Have Destroyed the Old Landmark.

Cambridge, Mass., June 9.7A dynamite cartridge, six inches long and two and one-half inches in diameter, was put in the Harvard pump early Friday morning. If it had not been discovered it would have totally destroyed that old landmark and blown the front of Hollis Hall to pieces.

The motive for the deed is unknown. No one is suspected, and as far as the college is concerned there has been nothing done. The professors have learned of the attempt, however, and some action will probably be taken. The nature of the dynamite cartridge is not given out, but one of the professors who saw it estimated that it would have blown a hole twenty feet deep in the ground and knocked the whole front out of Hollis Hall, only fifteen feet away, in which thirty or more students were sleeping. The cartridge was discovered by a watchman. REPUBLIC SPECIAL.

FAIR WORKERS AT HOME AGAIN.

GOVERNOR FRANCIS CHEERFUL.

Relies on St. Louis to Make Good the Pledges Made to Secure Appropriation From Congress.

Ex-Governor D. R. Francis, Seth W. Cobb and Corwin H. Spencer, who have been in Washington, D. C., for several weeks, and a number of the members of the Commercial Club who went to Boston at the invi-tation of the Commercial Club of that city,

returned to St. Louis last night at 7 o'clock. The party came in over the Vandalia line, and was not expected to arrive until 10:40 o'clock. Owing to the fact that the train was ahead of time, a number of friends who arrived at the station at 10 o'clock to welcome home the members of the World's Fair Committee who were so successful in the fight for the Fair in Washington were disappointed. The members, worn out with travel, remained at the station only a few moments before separating and going to

their respective homes. Before leaving the station Governor Francis made the following brief statement con-cerning the work at Washington and the duty of all St. Louisans toward the Fair:

"The fight at Washington for the World's
Fair bill has been very fully described in
the dispatches, to the St. Louis papers, and,
therefore, it is unnecessary for me to go
into details. It is just three weeks since
I left St. Louis. I want to give special

Spencer, Nathan Frank and R. C. Kerens for the faithful manner in which they sustained the fight against such great odds. The Government has conferred a special estimation on St. Louis by the prompt manner in which it has voted to appropriate \$5.000,000 in aid of the World's Fair. It has also promised to invite the civilized nations of the world at once to participate in the great celebration.

"While at Washington we distinctly pledged St. Louis to raise \$5.000,000 by private subscription, and another \$5.000,000 by the sale of municipal bonds. I take it for granted that no loyal St. Louisan will hesitate to promptly come forward and sustain us in the pledge we have given. What we have to do is to get at work at once, and complete the \$5.000,000 fund. The time for preparing for the Fair is aiready too short and any further delay would be dangerous. I rely absolutely on the people of St. Louis to raise the small amount still required to complete the Bocal fund and at once."

DETROIT SAW DEWEY.

Canadians Helped to Make the Oc casion Memorable.

Detroit, June 9.—Dewey's second day in Detroit will be memorable both to the Admiral and the thousands of all classes who vied with each other in persistent efforts to do him honor. The two parades, by water and on land, furnished scenes of homage to a war hero quite unparalleled in this city.

age to a war hero quite unparalleled in this city.

In the marine parade the honored guest was seen by the masses chiefly from a distance; in the land procession he was lauded at close range. This afternoon Dewey discarded citizens garb for the full-dress uniform of the Admiral, giving him the historic aspect in which he is associated in the public mind.

One of the features of the marine parade was the courtesy shown on the Canadian side of the river. At Walkerville, Ontario, American and British flags were flying, and one large banner bore the inscription: "Canadians' best wishes to America's great seaman and Britain's warm friend."

Salutes were fired on the Canadian shore and Canadian whistles shricked in unison with those of the Michigan side. The forty-mile trip was uneventful, aside from the ovations witnessed en route.

A few days ago they robbed two prospectors, James Allen and Charles Frickson, near Jerome, of \$299 and two horses, and stole four horses last week from cattlemen south of Prescott.

They were last seen crossing the Arizona Canal, just north of Phoenix. Two stopped at a ranch near there and changed horses, holding off the owner at the revolver's point. MINING COMPANIES EXEMPT.

Bankruptcy Law Decision Rendered at Kansas City.

Kansas City, Mo., June 8.—A precedent in bankruptcy proceedings was established in the Federal Court here to-day, when Judge Corland ruled that companies engaged principally in mining are not subject to the law, masmuch as they are not "engaged principally in manufacturing, publishing, trading or mercantile pursuits," as a section of the law provides must be the occupation of the persons, companies or corporations to be subject to bankruptcy proceedings.

The decision was rendered in the case of the Victoria Zinc Mining Company of Oronogo, Mo. After this company had installed a new mill, costing \$72.000, the machinery contractors becoming its preferred creditors, other creditors attempted to force the company into bankruptcy and defeat the preferred claims of the machinery men.

portance of this news is contained in this statement:

"The capture of General Pio del Pilar, cabled by General MacArthur this morning, is a most important one. Pilar was regarded as one of the most active and uncompromising of the rebel chieftains. After the disruption of the insurgent government and the dispersion of nearly all the insurgent organizations north of Mantia, Pilar managed to concentrate a considerable force at St. Miguel de Maumo, in the Province of Bulacan, and, although he was unable to hold the place for any great length of time, he succeeded in withdrawing his troops to the mountains and in eluding the several columns that were sent out to destroy him. It was difficult to keep track of his movements, and he frequently was reported as being at a number of places at the same time. That his capture has been effected by the native police of Manila, a body numbering some 400, evidences afresh the loyalty of these men to the American cause, so often impugned both by Americans and Filipinos."

Mrs. Paulson Creates a Stir.

Mrs. Rose Paulson of No. 1819 South Eighteenth street, who is under treatment at the City Hospital for temporary insanity, caused by viewing the assault on Miss Hesser a few days ago by a mob, created a good deal of excitement at the hospital by tying a blanket around her neck and fastening the other end to the roof of the cell, as if to commit suicide. She then threw her weight upon the rope and began to struggle, whereupon the attention of Chief Guard W. E. Kelly was attracted and he entered the cell and released the woman. It is supposed that she was in one of her insure hits at the time and was unconscious of what she was doing. It is thought at the hospital that she will recover.
